Feedback from previous participants:

“I thought I couldn't make a career of medical interpreting because I couldn't afford MIIS. This workshop has been most encouraging.”

“Even though it's not a secret field, I have found medical interpretation difficult to get into.”

“It was a most informative workshop and I look forward to learning more.”

Training topics include: Roles of the medical interpreter, Ethics and standards of practice, Interpretation skills, Medical terminology & specialty, Cultural competence, Legislation and regulations, Certification, Coping skills, What an employer is looking for, Trends, Technology...

Location: Monterey Language Services

2600 Garden Road, Suite 130, Monterey, CA 93940
